Election/Restrictions

Applicant's election with traverse of Species C, claims 1, 4 and 6-21 in the reply filed on 12-17-2009 is acknowledged. The traversal is on the ground(s) that claim 5 should be included. This is found persuasive.

The requirement is still deemed proper and is therefore made FINAL.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1, 4, 5 and 5-21 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 recites "substantially air-and water- impermeable" this is vague. Claim 1 recites "microscopic projections" the term microscopic renders the claim indefinite.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –(d) the invention was first patented or caused to be patented, or was the subject of an inventor's certificate, by the applicant or his legal representatives or assigns in a foreign country prior to the date of the application for patent in this country on an application for patent or inventor's certificate filed more than twelve months before the filing of the application in the United States.

Art Unit: 3742

Claims 1, and 16-21 are rejected under 35 U.S.C. 102(d) as being barred by applicant's GB 0301702.7. GB 0301702.7 was filed in a foreign country January 24, 2003 more than one year prior to application in the United States of this application with an effective filing date of 8-16-2006 and foreign priority to GB 0403499.7 of 2-17-2004.

Allowable Subject Matter

Claims 4-15 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
